# MOTOR VALLEY

Motor Valley is the land where the most performing engines in the world are born, a place of "slow food and fast cars", as the great 3 Michelin-starred chef Massimo Bottura likes to say.

The Multistrada of Borgo Panigale company will allow you to discover the most iconic places in the Land of Speed, crossing exciting roads and breathtaking hairpin bends.

# ***MOTOR VALLEY ON TWO WHEELS***

Emilia: the charming place where exciting roads, fast engines, great food and wines combine together magically.

The most important car manufacturers and museums of the Motor Valley are located within a few kilometers from Modena and its not-to-be-missed Piazza Grande, a UNESCO World Heritage Site, and birthplace of the most famous dishes of the Emilian cuisine.

A rider wearing a black and yellow helmet and a black racing suit is leaning into a turn on a red and white Ducati motorcycle. The background is a blurred racetrack with a checkered pattern.

# ***DRE ROAD***

Participating to the Dre Road Academy, Ducati Riding Experience, is a unique adventure where to discover all the tips and tricks of your motorbike.

You will attend a technical briefing, held by the best Ducati instructors and, like a professional rider, you will practice in the active paddock learning how to ride safely.
